

9 February 1973

Dear Harold: Among other things enclosed are some WG items from the NYTimes for 30 January. As nearly as I can make out you did not get this issue. From now on we assume you get only those issues you say you have.

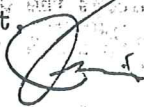

Your 72 and 73, plus T-1, all here.

We'll pass both the New Orleans tape and the extra copy of Washington Payoff, thanks. No time.

Also enclosed is a cute story from the Chron about a family gag that got out of hand. We thought you and Lil might enjoy it.

FYI, our subscription to the States-Item runs out Feb. 23, and we don't plan to renew as things stand now.

Best,

jdw

Re Sirica, agree completely with your analysis. The only question remaining is which seat on the Supreme Court for his reward -- Douglas (age) or Arnold (illness).
